Examining the Perio/Restorative Interface, Full Day

Date: Thursday 11th June 2009

Time: 9:00 am – 4:30 pm

Venue: Skills Centre, Lincoln County Hospital

Speaker: Dr Conor Donegan
BA, BDentSci, FFDRCSI, MMedSci(Perio). Specialist in Periodontics & Oral Surgery

Aims:

1. Refresher on the principles of minimal tooth cavity design
2. restoration of teeth using some of the latest and up to date materials including composite and glass ionomer
3. Reinforce the importance of periodontal maintenance as part of a successful restorative treatment planning
4. Discuss innovations and latest updates in Periodontics

Objectives

The day will consist of a series of lectures and hands on sessions. Delegates will have the opportunity to practise cavity designs and also will restore plastic in phantom heads using materials provided on the day

Cost: £45.00 per participant (*cost includes refreshments, lunch & materials*).
Cheques should be made payable to: [United Lincolnshire Hospitals NHS Trust](#)
No booking will be accepted without a cheque.
Please note cancellations will only be honoured one month prior to the course.

Places: 24 places are available

Please complete and return this form (along with your cheque) to Paula Broughton at the above address.

I / We* (*please delete as appropriate) would like to book a place on the **Course for Hygienists on 11th June 2009.**
